**Subject:** Fwd: HOTSITE REPORT: Update - Warehouse Fire in Parkersburg, WV

FYI from EPA R3. For internal use only. Thank you!!

EPA preparing to post their own PM results soon on their website. We on the ATSDR side are working on another email update for EPA on the air data, and plan to share it with you soon.

**Subject:** HOTSITE REPORT: Update - Warehouse Fire in Parkersburg, WV

OSC Wenning reports that the fire was officially declared extinguished as of noon today. A 36-48 hour watch period has commenced during which firefighting work on site will be limited to flare ups. Tomorrow afternoon Unified Command will meet with the building owner to discuss next steps.

EPA will continue 24-hour air monitoring activities for next few days as the weather permits. Schools will reopen tomorrow and EPA will deploy particulate monitors at two nearby elementary schools for the day.
